

Group Affiliate Program

One of the services the DBBA provides businesses within the Downtown Bend EID are the opportunity to be a part of Group Affiliate Programs. This means that your business offers a discount to a specific group of people, and then combines that with other business offers to create an incentive package for that group to visit Downtown Bend to shop and eat.

In order to receive the discount, your customer will identify themselves as part of a group, and show you a ticket, pass, bracelet, (etc.).

The DBBA creates and distributes all marketing materials to the group(s) and to the businesses. Some offers may require additional payment to participate.

Please mark the groups your business would like to be a part of for 2019:
